May 5, 2011

Heilo,

I am writing in regards to my patent 6,939,319

It has recently come to my attention that this was not a design patent so maintenance fees were needed to be paid-in order to keep the patent active. I am sorry but since I thought it was a design patent that I didn't need any maintenance fees, no maintenance fees were paid. I also didn't receive any notice that payment was due since the wrong address was on file so the late payment was both unavoidable and unintentional.

I have since sent the fees to rectify the issue and restore the patent in my name. I have also sent in the change of address form so I can receive the notifications so this doesn't happen again.

I am 71 years old and a small entity and would like to have a list of all documents filed in association to my patent and I could really use some help on my questions below. Please contact me via my cell phone at 949-306-6937 or send me a letter to:

Conrad Anstead

31460 El Camino Real

San Juan Capistrano, CA 92675

The questions that I have for you are:

1. Maintenance Fees

I sent in the maintenance fee to:

United States Patent and Trademark Office

Alexandria, VA

Please confirm that the maintenance fees have been received and that my patent has been reinstated to me and that no one else has taken over my patent and my life's work. Is there a new patent number? Is there anything else I need to know?

2. Provisional Patent

I submitted a provisional patent to protect improvements but have not received a confirmation letter. Please confirm that the document was received and that I have received the provisional patent. Is there a number for the provisional patent?

3. Change of address

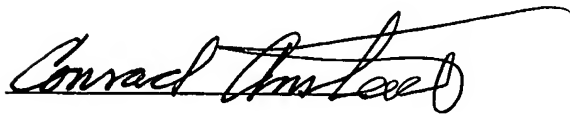

I sent the attached change of address form so that I could receive any more communications on the patent. Please confirm that the address for communications has been changed to my name and address.

4. International jurisdiction

Please let me know how it works for international business. Does my patent work world wide or do I have to file something else? I want to make sure my work is protected so if someone in another country copies my work I am protected.

Thank you so much for your help.

Best regards,

A handwritten signature in black ink, appearing to read "Conrad Anstead", with a long horizontal flourish extending to the right.

Conrad Anstead
